Fungi Lab

Name(s) _____
_____

Question: What are the best conditions for growing mold?

Hypotheses:
(if/then/bec)

Materials:

_____	_____
_____	_____
_____	_____
_____	_____

Variables:

Controlled variables (3)	Manipulated variable (1)
Responding variable (1)	Experimental control (1)

Procedures (details, repeat, recorded, be sure to, picture):

Data table:

	Mold growth after 4 days
Control	
Trial #1	
Trial #2	
Trial #3	

Data summary:

Conclusion (hypothesis, question, quality/validity):
